Dr. Finn's Testimony Interesting

Dr. Thomas Finn, of Boonsboro Md., who has practiced medicine for 32years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder troubles as Foley's Kidney Cure it stops irregularities and builds up the whole system

It means a little upset to even the Republican party of such a low tariff question. The trouble is not so much 'cent' as it is 'ment.'

A Clear Complexion and Bright Eyes

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels, makes the complexion bright and clear Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Women as well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root and Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of its great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. Use genuine Foley's Honey and Tar in the yellow package. Ask for it and refuse substitutes. It is the best remedy for coughs and colds.

Letter From Rev. P. M. Bell.

Dear Times:— It has been so long since I wrote any notes to the TIMES I fear your Glenfall correspondent will be after me with a birch rod, but I know she is "too good to be unkind" and too kind to be severe. For the past several months I have been very busy. One week was spent with Rev. J. B Askew in Brunswick county. Another week with Rev. Leroy J. Phapp in Southampton. It rained and continued to rain till the streams were so swollen as to make fording dangerous. Wells filled up with surface water till it reached a condition of "seasick, water everywhere but not a drop to drink." One man said he would knock the curbing from around the top of his well so the water could drain out. But notwithstanding these conditions Southampton is a grand old county. I visited the Camp saw mill at Arringdale where they have the most modern machinery and a capacity of 60,000 feet per day, furnishing employment to a large number of hands.

I preached only two sermons while down there and had to ford creeks with the water running in our buggy to do even that much.

There I saw the first large cotton crop since I left the South 16 years ago, but the corn and peanut crops were [illegible] rate.

Last week I was with Rev. C. H. Crawley of the Dinwiddie circuit. He is a strong preacher and ever loyal to the Truth. The result of the meeting were somewhat disappointing to us.

This week I am suffering from a cold in the head, but still "keep moving."

The farmers are now digging their peanuts and the crop seems to be better than expected though below the usual yield. The small boy has my sympathy in consequence.

I am now closing the most pleasant, the most satisfactory and most successful year of my entire ministry. Two of my churches paid out in full at the fourth Quarterly Conference and the other two are only behind a small sum. We expect to raise our conference collections in full also, for the first time in several years. My official board are as fine body of men as I have ever served. There has not been a single discord among them and harmony prevails among all the churches. We have considerable money in hand for extensive improvements next spring. The people as a whole and especially the young people, have been kind and considerate. One of the stewards gave me two fine pigs, a barrel of flour and several hams. He is the son of Mrs. Rev. Jacob H. Proctor by her first husband, and is one of the most prominent citizens of our county. We will have a net gain in membership of about 65, and there have been about 80 conversions on the circuit. Our presiding elder is a strong preacher and one of the most influential men in our Conference. The air is beginning to be filled with rumors of marriages On Wednesday 19th, I united in marriage one of our most popular young ladies at Ford—Miss Nannie F. Reams becoming the bride of Mr. Emmett L. Curtis. It was a quiet home wedding but was witnessed by a large company of relatives and friends, who wish them happiness.

I most heartily commend your recent utterances on important public matters, and with gratification, note a change in the tone of the press generally. The people are aroused and the days of the petty boss, heeler and grafter are about numbered. The time is fast approaching when only men of clear record can represent the people in the various offices. It is a good omen, and this nation is safe, while he world moves up to a higher plane of civic righteousness, backed by an enlightened conscience. May the Times continue to be a factor for the consummation of that great purpose.

This is a time of tears and good byes as our young people are leaving home for school, either as teachers or students, but the development of a higher ideal in citizenship and manhood is worth more than it costs even if it be a sacrifice. We have a teacher for our three children and they all start well this morning. Another week with the children like her. We find her quite a pleasant addition to our family circle.

FARMVILLE

The Kindergarten is in full blast again and the power of one small woman over a score or more of young children is a scene of unusual interest The lessons learned here ought to be useful during life. The gymnasium is a place of pleasant diversion to all the girls and in it are being found sound bodies for sound minds. No cases of home sickness are now being reported. Mr. Jar man has proven himself a skilled and successful physician.

Our carpenters are busier than ever and some of them work from daylight till dark.

Never before in the history of our town were restaurants so numerous and now that oysters will soon be in evidence, the bills of fare will become more attractive.

It is rumored that the Association has been sold at most satisfactory prices. Farmers are more hopeful of the future and we are all rejoicing with them. If they enjoy prosperity the rest of us will share in it

I never saw such a collection of goods as are now getting in our stores and our merchants have the reputation of being prudent buyers, they must have reasonable expectation of selling there.

Our doctors are on unusually pleasant terms with one another. I saw two of them talking on last Friday and one remarked to the other, "As you are going down the Cumberland road this afternn on I would be glad if you would call and see one of my patients and tomorrow, when I will take the same trip I will return the courtesy."

Now and then I watch an old negro with a fishing pole plodding his way to the banks of the Appomattox. There is'nt much concern as to the 'catch.'

DR. S. D. BLAND
Of Bowling Green, Virginia,
"I had been a sufferer for a number of years with Lumbago and Sciatica in my arms and legs, and tried all the remedies that I could hear of, but got no relief. I finally procured from a physician of this place a prescription, but found nothing that gave the relief obtained from "S-DROPS" which I procured from Druggists for one dollar and a half per bottle."
